

## 2007 Butterfield Double Century Results

After two consecutive years of pouring rain, the 2007 Butterfield Double Century finally got some sunshine - and lots of it. Record heat and a bit of Santa Ana winds added to the challenge of this 200-mile course through Orange, San Diego and Riverside Counties.

The 150 riders who started, were treated to what will likely be the last version of this Butterfield route, which over the years has been negatively impacted by urban development, construction and congestion, especially in the last half of the course. We'll be investigating alternate routes - and look forward to coming up with something new and wonderful for 2008.

Kudos to first place finisher Keith Brodsky, who smoked the course in 10 hours 43 minutes. At the finish line, Keith said that he dedicated his awesome ride to the memory of his brother Bruce, who passed away recently.

Congratulations to first time double riders James Cawthon, Alan Darnell, Suzy Degazon, Brandy DeLuca, Steven Elliott, Edward Gallegos, Mani Harihara, Jon Lieberg, Alan Ptak, Perry Spetz and Kevin Tilden. (There may be others - but these folks let us know.)

Special thanks to our fantastic staff who worked generously and tirelessly to keep the riders on the road and having a great time!

Very much appreciated rider feedback:

"You and Brian really deserve a pat on the back. The organization, volunteers etc.. made my first DC a pleasure. ... The comradie was fantastic not to mention the experience. I had not quite anticipated the

climbing, but had fun in the course of suffering! ... I had an awesome time and I highly recommend anyone wanting to push themselves to do one of Planet Ultra races." -Suzy Degazon (UltraMan Hawaii Finisher), Glendora, CA

"The ride last Saturday was my first double century. I was elated to have finished despite the unusually warm weather. The support was great and I learned a lot about long-distance riding." -Steven Elliott, San Diego, CA

"Just a short note to thank the Planet Ultra Ministers for another wonderful ride! I've enjoyed the Butterfield both rain and sun, but sun is better. The volunteers were great, the roving sag came to my rescue when I flatted in San Clemente before I had time to remove the tire." -Tim Houck, Pleasonton, CA

"What a great ride this years Butterfield turned out to be! After the torture of the previous two year's rides - Butterflood being my first double - the wind was a welcome friend this time around. And as always the support was top notch." -Tony Musorafite, Torrance, CA
